APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The granting of this permit to appropriate 1.5 cubic feet of water per second from Unnamed Springs at a point in California to be placed to beneficial use in Nevada is conditioned upon the applicant's compliance with the laws of California relating to the division of water in that State. A substantial weir must be installed in the diversion ditch at a point within the State of Nevada to facilitate the measurement of water. This permit is issued subject to any prior rights on the source.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.5 cubic feet per second.

Actual construction work shall begin on or before May 21, 1946

Proof of commencement of work shall be filed before June 21, 1946

Work must be prosecuted with reasonable diligence and be completed on or before May 21, 1947

Proof of completion of work shall be filed before June 21, 1947

Application of water to beneficial use shall be made on or before

May 21, 1948

Proof of the application of water to beneficial use must be filed with State Engineer on or before June 21, 1948
